Campus-Wide Video Platform - Panopto

This month, we will evaluate and review another video platform. As you may know TechSmith Knowmia (our Media/Lecture Capture platform vendor) has made a decision to phase out of the enterprise education video hosting business. Therefore, we need to review and evaluate other media/lecture capture platforms. Last month ShareStream did a demo for us. On Wednesday, March 17, Panopto representatives will attend our meeting to discuss Panopto as a potential solution
