1. Navigation to the page under CM1 and open the page in Edit mode by clicking the Edit button on the right side of the Content tab menu bar.

2. Mouse over Publishing link on the Content tab menu bar and click on Remove from Site. This will archive the page.

If this is a navigation item landing page, please contact Web Services and request to convert the folder to non-navigation folder/page first. After the following full publish, this navigation item should been removed from the navigation menu of the published site. The landing page of this folder can be archived.
